My signing day plan

All three must be in the room with you while you sign. No one leaves until every page is done.

Who and when

You	Witness 1	Witness 2	Notary
Day and time	Name	Name	Name, or the place
Place	Phone	Phone	Phone
County			The cost they told me

Pick two adults who are not in your documents and get nothing from your plan. Do not pick family, even family who are not in your plan.

What to say when you ask

> **"I am signing my will and some other papers. I need two people to watch me sign, and then sign their own names. You are saying that you watched me sign and that I seemed to know what I was doing. A notary will ask you to swear that is true. Would you do that for me?"**

What to say when you call

> **"I have estate planning documents to sign, and a will is one of them. I am bringing two witnesses. Do you do that? What will it cost?"**
